8/15/10

Dear Members/Residents,

The Lake Tamarisk Desert Resort Emergency Preparedness Plan is now available for members/residents to view in Kennedy Hall. You may obtain a copy from the resort office. The plan shows evacuation routes, the types of disasters that affect our area, as well as, ways to prepare your home and family for possible disaster. Being prepared for a disaster will increase your potential for survival after a disaster strikes.

We ask that all members/residents learn the evacuation routes. Volunteers are needed to form a Disaster Preparedness Emergency Plan Committee. Once everyone has returned to the park in November, the committee will need to be formed. If you are interested in joining the committee please let the office know.

With this letter is a list of resources that you can use to find more information from state and local emergency preparedness agencies. This list will also be posted in Kennedy Hall and the laundry room.

We hope that everyone will take the time to view the plans and prepare themselves for the possibility of a major disaster.

If you have any questions, please feel free to ask at the office,

Sincerely,

Phil Danley,

President of the Board
