#84 John & Cynthia Wilmoth

#50 Barry Reid

#119 Steve & Lucy-Ann Martin

#54 Bill & Cynthia Carver

Mark & Teena Binion have moved to #44

Mike Mansfield has purchased #61

Newsletter

As you may have noticed, we are implementing a monthly newsletter. The newsletter will be a work in progress over the first few months.

If you have any articles you would like to see in the newsletter, items for sale, recognitions you want everyone to know about or anything else of interest, let Brenda know. All articles need to be submitted to the office by the 25th of the month for publication in the next months newsletter. The newsletter will be emailed on the 1st of each month. You will be able to pick up a printed copy at the office. If you would like the newsletter mailed to you, let Brenda know.

Arrival in the Park

As everyone starts to arrive back in the park, please make sure to check into the office upon arrival. Everyone needs to pick up a WELCOME PACKET. The Welcome Packet contains some park information that will be a refresher for most and new information for those new to the park.

Some of the information is now required by the State of California. We need to have emergency contact for everyone in the park, in case of evacuations or an emergency.

Summer Projects

David, Brenda and Ron May, along with those who stayed through the heat of the desert summer have worked on projects. Some projects you may notice right away and others you may need to look around to find. The heat and humidity this summer kept some projects on hold. A couple of those projects will be completed during October and November.
